

Dino Coach user manual

Rules and manager guide | 2026/2027

Newcomb and District Cricket Club

Build a squad of NDCC cricketers, choose where they play in your fantasy XI and earn points from their published match performances. This guide takes you from registration to your weekly team changes and explains how the competition works.

At a glance	Current rule
Entry	AUD 25.00; managers must be 18 or older
Starting budget	10,000,000 virtual Dino Dollars
Squad	15 different players: 11 starters and 4 bench players
Leadership	One captain and one vice-captain; both score double
Transfers	Unlimited and free during the open window
Weekly window	Monday 09:00 to before Saturday 11:00, Melbourne time

Start here

Register and confirm your email, complete your manager profile and pay your entry fee. Then fill every squad slot, choose your captain and vice-captain, and select Submit squad. Check your account deadline and the current season before you begin.

Guide contents: Registration (page 2); squad building (page 3); scoring (page 4); transfers and prices (page 5); standings and competition rules (page 6); help and useful links (page 7).

[Open Dino Coach | ndcc.com.au/fantasy](https://ndcc.com.au/fantasy)

Register and get ready to play

Create your account

1. Open Dino Coach and choose Register / Login. If you already have an NDCC account, sign in with that account.
2. For a new account, enter your display name, team name, email address, password and date of birth. You must be at least 18. Read and accept the current Dino Coach rules.
3. Select Register. Open the confirmation email and follow its link. Check your spam or junk folder if it does not arrive. You can use Resend confirmation email on the registration screen.
4. Return to your account. If prompted, complete your manager profile and select Save profile. Use the same email address you registered with.

Team names and payment

Choose a name suitable for a community cricket club. A name flagged for review needs committee approval before payment. The league manager may replace and lock an unsuitable name.

When eligible, select Pay AUD 25.00 entry and complete the secure checkout. Return to your account and check for Entry paid - you can pick your team. A payment marked pending is still awaiting confirmation.

Keep your payment reference. If payment appears to have succeeded but access is still locked, check the account status again and report the issue before making another payment.

A club-approved complimentary entry does not require payment. Demo access also bypasses payment, but demo teams are not eligible for prizes.

Finish your first squad on time

Your account shows the deadline for completing your first 15-player squad. The initial completion period is five days; use the exact date and time displayed in your account. Saving an incomplete draft does not complete your entry.

If the deadline passes and your account needs reactivation, contact the club through the Dino Coach feedback form. Include your team name and registration email. Ask for help promptly if a technical issue prevents you from finishing.

Before you leave your account

Check that your email is confirmed, your manager profile is saved, your team name is approved and your entry is paid or approved as complimentary. Then choose Pick my team.

Build and submit your squad

Choose the correct season, then open My squad. Select 15 different eligible players within the 10,000,000 Dino Dollar budget. A player can appear only once in your squad.

Fantasy role	Playing XI	Bench	Total
BAT - batter	4	1	5
AR - all-rounder	2	1	3
WK - wicket keeper	1	1	2
BOWL - bowler	4	1	5
All roles	11	4	15

Any eligible player can fill any fantasy slot. A player's listed cricket role is a guide only. The slot you assign determines their scoring. Junior-only players are excluded; juniors who also play senior cricket need league-manager eligibility confirmation.

Pick players and assign slots

1. Search by player name or sort the catalogue by name or price.
2. Choose a player in Player for keyboard/touch assignment. Go to an empty slot and select Assign selected player. On a computer, you can also drag a player into a slot.
3. Fill all 11 playing slots and all four bench slots. Use Remove to clear a selection before assigning a replacement. Players need a published price to be selected.
4. Choose Captain for one starter and Vice for a different starter. Both receive double points. Neither may be on the bench.
5. Check Squad shows 15/15, Budget remaining is not negative and both leadership selections are set.
6. Select Submit squad and wait for Dino Coach squad submitted. Reopen My squad to check your saved selections.

Drafts and later changes

Save draft lets you keep work in progress, including an incomplete squad. Submit squad is the action for a complete team. An on-screen assignment message alone does not mean your squad has been saved.

Changes are subject to the season and round being open. If a selected player becomes ineligible, replace them before saving. Recheck captain and vice-captain after moving or replacing players.

Bench players contribute zero points. Put players whose performances you want counted in the playing XI before changes close.

How points are awarded

Your assigned fantasy role determines points for runs, wickets and catches. Use the table below for starters; bench players earn zero.

Event	BAT	AR	WK	BOWL
Each run	1.75	1.5	1.5	1
Each wicket	10	15	10	20
Each catch	10	10	15	10

Event or milestone	Points for any playing role
Each run-out	10
Each stumping	10
Each maiden over	5
Not-out innings	10
50-99 runs in an innings	20 bonus
100 or more runs in an innings	50 bonus
5-6 wickets in an innings	25 bonus
7 or more wickets in an innings	50 bonus

Only the highest batting milestone bonus and highest bowling milestone bonus apply in an innings. A century earns the 50-point bonus, without the extra 20 for reaching fifty. A seven-wicket haul earns the 50-point bonus, without the extra 25 for reaching five.

Captain and vice-captain each receive double their full assigned-role points, including bonuses. There is no duck penalty and no player-of-the-match bonus.

A scoring example

A BAT starter makes 60 runs, takes one catch and finishes not out. They earn 105 for runs, 10 for the catch, 10 for not out and 20 for reaching fifty: 145 points in total. As captain or vice-captain, they earn 290 points.

Transfers and player prices

The weekly transfer window

Melbourne time	Transfer availability
Monday 09:00	Window opens; transfers can be saved
Monday to Friday	Open, subject to competition controls
Saturday before 11:00	Open until the closing time
Saturday 11:00 to Monday before 09:00	Closed

Transfers are unlimited and free, with no points penalty. All times use Australia/Melbourne, including daylight saving when applicable. The website checks the window when you save; starting a transfer before the deadline does not reserve it.

Make a transfer

1. Open Transfers and check the correct season and Transfer window is open.
2. Choose Player out from your squad, then choose a different eligible Player in with a published price.
3. Select Save free transfer. Wait for Free transfer saved with zero points penalty.
4. Open My squad and check the replacement, assigned slot, budget and leadership selections. Address any error before assuming the change is complete.

Keep your full squad within the budget and avoid duplicate players. If the season or team selection is closed, or the system reports another restriction, follow the message and use the feedback form if you need help.

Opening prices and later reviews

Opening prices use the supplied 2025/2026 statistics. The highest-ranked player starts at 2,000,000 Dino Dollars; players without historical statistics start at 100,000. Prices are rounded upwards to whole 1,000 Dino Dollars.

Automatic reviews occur after every two regular rounds: rounds 2, 4, 6 and so on. A review becomes eligible on the following Monday at 09:00 Melbourne time and runs at the next daily pricing check once published results are available.

Strong performances can raise prices and weaker performances can lower them. Prices stay between 100,000 and 2,000,000 Dino Dollars. A non-appearance does not count as a zero-score appearance. Finals do not change prices.

Late results enter a later review. The league manager may make recorded manual price or eligibility corrections; automatic changes resume at the next review. Check the current catalogue before saving changes.

Standings and competition rules

Standings	What they show
Player Standings	Real NDCC cricketers ranked by published base performance points, without assigned-slot or captain bonuses.
Manager Standings	Dino Coach teams ranked by their playing XI points, including assigned roles and both leadership bonuses. Bench players contribute zero.

The same cricketer can therefore show a different score in Player Standings and in your fantasy team. Check that you are viewing the correct season and published round before comparing totals.

Ties and prizes

Manager leaderboard ties are resolved by total points, then current squad market value, then team name alphabetically.

The round-robin leader prize is 300 Dino Dollars. The committee publishes the label and description for the highest total squad-value prize. Dino Dollars are virtual; no real-money value is implied. Demo teams are not eligible for prizes.

Published results and corrections

Points depend on published match results. They may not appear immediately after a match. If something looks wrong, report the player, round or match, the score shown and what you believe needs checking. Include a source or match reference where possible.

The 2026/2027 competition is a pilot. If a scoring defect, data issue, technical fault or unintended rules outcome is found, the league manager may make a reasonable adjustment to protect fairness and keep the competition operating. Material changes must be communicated to participants and recorded.

Managers accept a specific rules version at registration. Check the Rules page and club notices for communicated changes.

Playing fairly and looking after your account

Use a suitable team name, give accurate registration details and keep your password private. Treat players, managers and volunteers respectfully. Report faults or unexpected behaviour through the feedback form so they can be reviewed.

If you want to withdraw, need help with an entry payment or believe your team has been removed in error, contact the club through the feedback form. Do not create another paid entry to resolve an existing account issue.

A note from the club

This is our first time running something like Dino Coach, so please be patient with us while we work through any issues. If something is not working, or you have a suggestion or feedback, let us know through the form. Saj and Rick will review it and look into what can be improved.

Help and useful links

Problem	What to do
No confirmation email	Check spam or junk, then use Resend confirmation email. Existing verified NDCC accounts should sign in instead.
Forgotten password	Enter your email on the sign-in page, choose Forgot password? and follow the reset email.
Payment pending or team locked	Check the account message and payment reference. Report the issue before paying again.
Squad will not submit	Check 15 unique players, all slots, budget, captain, vice-captain, eligibility and whether selection is open.
First-squad deadline missed	Request reactivation through the feedback form and include your team name.
Team deleted from play	Contact the club to request restoration. Your earlier registration and payment history remain with that account.
Scores or prices seem wrong	Check the season and published round, then send the player and match details for review.

Send an issue or suggestion

Open the feedback form, enter your name and reply email, choose the type of feedback and describe what happened. Include the page, team name, approximate time and any error message. Do not include passwords or card details. You do not need to sign in.

Select Send feedback and keep the reference displayed after submission. Feedback is private and is reviewed by Saj and Rick.

Keep Dino Coach handy

On iPhone or iPad, use Safari: Share, then Add to Home Screen. On Android, use Chrome's menu and choose Install app or Add to Home screen if offered. On a computer, use the browser install option or bookmark the page. Internet access is needed for sign-in, payments, changes and live results.
